The chart below shows how **Marin** differs most from the **General Population**

Agreeableness

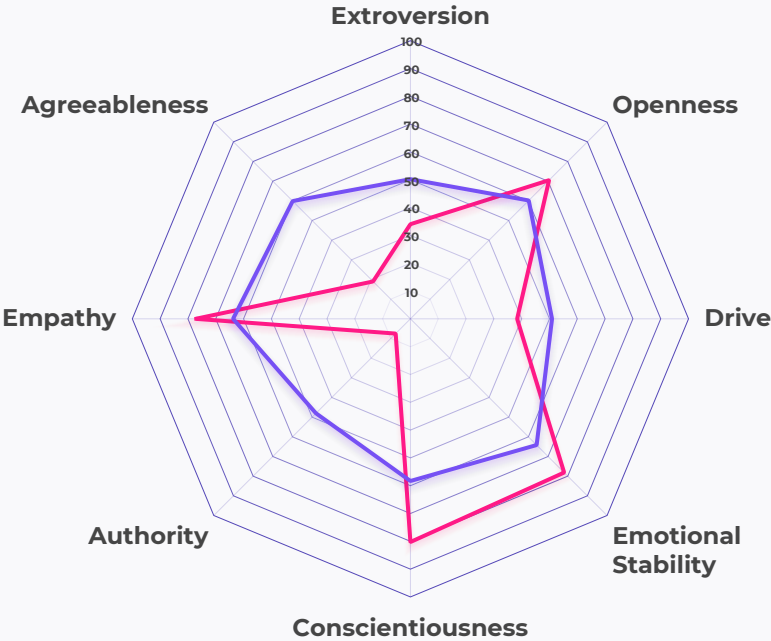

Authority

Conscientiousness

Marin ● Population ●

What makes Marin unique?

The work styles below describe the approach Marin has to **organization**, **problem-solving**, **leadership** and **motivation**.

Marin ● Population ●

ORGANIZATIONAL STYLE

They are **highly efficient** and **autonomous**. Being highly detail-oriented with a strong sense of self, they are resistant to imposed rules and thrive setting their own agenda.

Spontaneous Organized

A horizontal bar chart showing the balance between Spontaneous and Organized. The bar is divided into two sections: a pink section on the left representing Spontaneous and a light purple section on the right representing Organized. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Spontaneous.

Self-directed Rule-abiding

A horizontal bar chart showing the balance between Self-directed and Rule-abiding. The bar is divided into two sections: a pink section on the left representing Self-directed and a light purple section on the right representing Rule-abiding. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Self-directed.

THINKING STYLE

Highly intellectual and **very comfortable with uncertainty**. They are likely to be more interested in novel approaches to problem-solving than in implementation.

Concrete Investigative

A horizontal bar chart showing the balance between Concrete and Investigative. The bar is divided into two sections: a pink section on the left representing Concrete and a light purple section on the right representing Investigative. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Concrete.

Ambiguity Averse Flexible

A horizontal bar chart showing the balance between Ambiguity Averse and Flexible. The bar is divided into two sections: a pink section on the left representing Ambiguity Averse and a light purple section on the right representing Flexible. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Ambiguity Averse.

LEADERSHIP STYLE

Although they can **appear tough-minded**, their ability to make unpopular decisions is aided by their **sincere** leadership approach and **strong communication skills**.

Indifferent Sympathetic

A horizontal bar chart showing the balance between Indifferent and Sympathetic. The bar is divided into two sections: a pink section on the left representing Indifferent and a light purple section on the right representing Sympathetic. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Indifferent.

Forthright Persuasive

A horizontal bar chart showing the balance between Forthright and Persuasive. The bar is divided into two sections: a pink section on the left representing Forthright and a light purple section on the right representing Persuasive. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Forthright.

Compromising Authoritarian

A horizontal bar chart showing the balance between Compromising and Authoritarian. The bar is divided into two sections: a pink section on the left representing Compromising and a light purple section on the right representing Authoritarian. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Compromising.

MOTIVATIONAL STYLE

Self-confident and will usually have faith in their abilities when faced with a difficult task, although they are **unlikely to particularly enjoy taking on challenges**.

Self-doubting Self-believing

A horizontal bar chart showing the balance between Self-doubting and Self-believing. The bar is divided into two sections: a pink section on the left representing Self-doubting and a light purple section on the right representing Self-believing. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Self-doubting.

Laid-back Challenge oriented

A horizontal bar chart showing the balance between Laid-back and Challenge oriented. The bar is divided into two sections: a pink section on the left representing Laid-back and a light purple section on the right representing Challenge oriented. A vertical blue line is positioned at approximately 25% from the left, indicating a higher preference for Laid-back.
