Key Insights

The chart below shows how **Marin** differs most from the **General Population**

Agreeableness

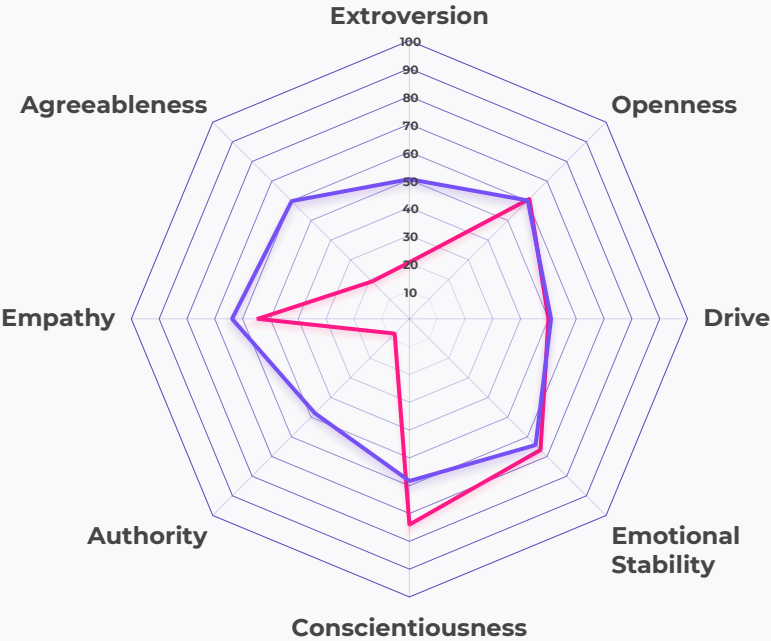

Authority

Extroversion

Marin ● Population ●

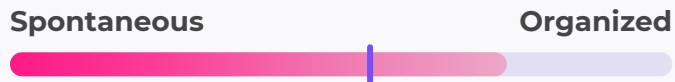

# What makes Marin unique?

The work styles below describe the approach Marin has to **organization**, **problem-solving**, **leadership** and **motivation**.

Marin ● Population ●

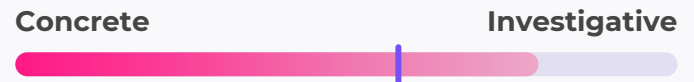

## ORGANIZATIONAL STYLE

They are **highly efficient** and **autonomous**. Being highly detail-oriented with a strong sense of self, they are resistant to imposed rules and thrive setting their own agenda.

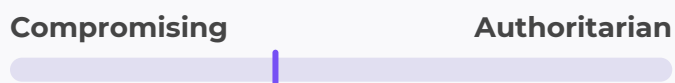

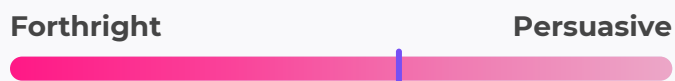

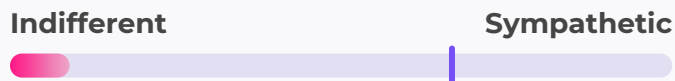

## THINKING STYLE

**Highly intellectual** and **very comfortable with uncertainty**. They are likely to be more interested in novel approaches to problem-solving than in implementation.

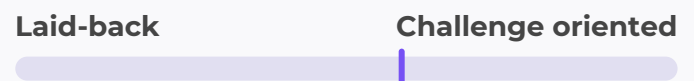

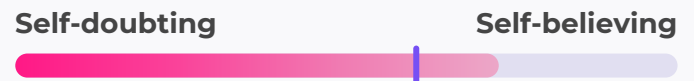

## LEADERSHIP STYLE

Although they can **appear tough-minded**, their ability to make unpopular decisions is aided by their **sincere** leadership approach and **strong communication skills**.

## MOTIVATIONAL STYLE

**Self-confident** and will usually have faith in their abilities when faced with a difficult task, although they are **unlikely to particularly enjoy taking on challenges**.
