The chart below shows how Marin differs most from the General Population

Authority

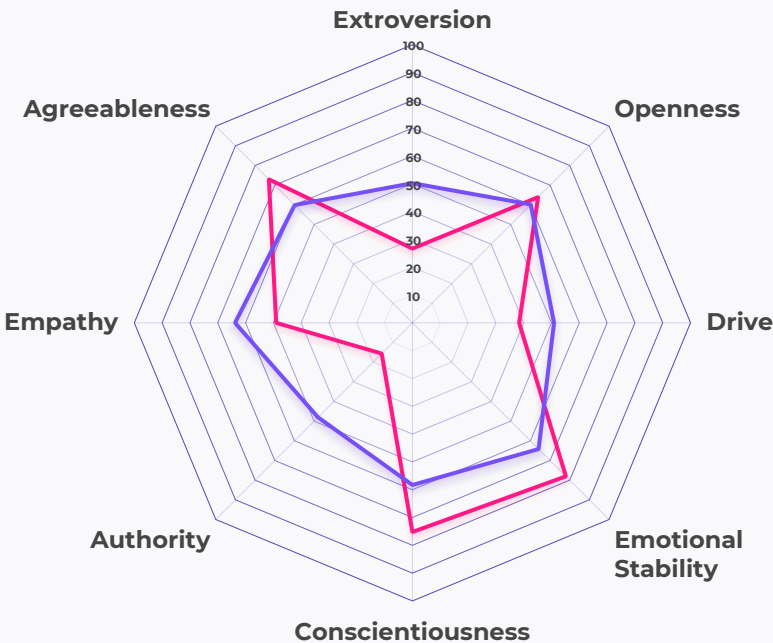

Extroversion

Conscientiousness

Marin Population

# What makes Marin unique?

The work styles below describe the approach Marin has to **organization**, **problem-solving**, **leadership** and **motivation**.

Marin ● Population ●

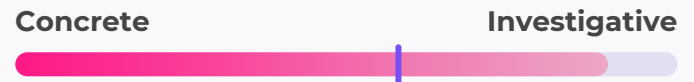

## ORGANIZATIONAL STYLE

They are **highly efficient** and **autonomous**. Being highly detail-oriented with a strong sense of self, they are resistant to imposed rules and thrive setting their own agenda.

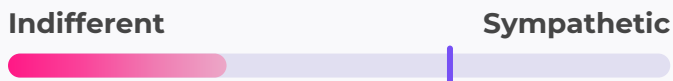

## THINKING STYLE

**Highly intellectual** and **very comfortable with uncertainty**. They are likely to be more interested in novel approaches to problem-solving than in implementation.

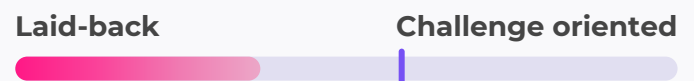

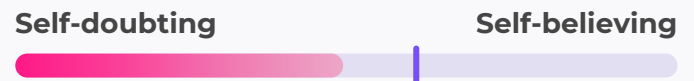

## LEADERSHIP STYLE

In a position of authority, they are **sincere** and **unimposing**. While they are **cool-headed**, they are able to make tough decisions whilst being **considerate of other peoples' views**.

## MOTIVATIONAL STYLE

**Laid-back** but **often unsure of their own abilities**. They are **not especially driven by challenges**, and may feel apprehensive when faced with difficulties.
